

# Amira's Language Groups at Our Centre in Ma Campagne....

## ....Learn Where the Life is!

At Amira's Centre Ma Campagne, we take you away from the office environment to learn your new language in an area described as the 'most desirable in Brussels' - the place to live, with its Art-Nouveau architecture, parks, lively squares, trendy restaurants and bars. Here in the 'Haut de Saint-Gilles' you are close to everything: city centre, Louise district (luxury shopping), Gare du Midi (Thalys - Eurostar).

A few minutes walk and the Châtelain district is for entertaining and life. See the dynamic concept stores, Wednesday street market, bars, restaurants and streets coloured with Art Nouveau facades. Step a moment in the other direction, and discover Place Georges Brugmann, 'Little Paris', with its gorgeous apartment buildings from the early 20th century, beautiful boutiques and a relaxed Sunday morning feel to its restaurants and cafes.

Ma Campagne bustles with artistic energy. The Art Nouveau Musée Hannon is just opposite the school and open to visit! - while beyond in rue de la Glacière, you'll find what's happening now in a creative community offering activities of every kind.

Discover too the delightful and secretive park 'Froidure' to enjoy and relax in moments of quiet sunshine (entry 56 ave Brugmann).

Of course, there is more to an area than we can say in a few sentences, this is just a flavour – an encouragement to explore.
