"I completed two French intensive courses at Amira and I am very satisfied with the result, i.e. my capability to speak. The courses are very efficient and fun due to the excellent teachers and the small groups."

- **Ramona LIEDTKE, Germany**

"I had a wonderful experience at the school and learned a lot. I particularly enjoyed the positive and energetic teachers who were fully committed to the success of the students. I appreciated their sense of humor as well, which always makes learning of a new language easier. There was a good balance between grammatical exercises and practical conversation. I would join the school again, time permitting, and would definitely recommend it to others."

- **Renne TRAIKOVA, Bulgaria**

"I really liked the intensive course I took at your school. The length of the course was perfect and the learning method was great. I learnt a lot during my days at Amira.
